Distorted Morality: America's War on Terror

Along with short films of May Day actions from across Europe, including Milan, Dublin, and Cambridge.

“Whatever has been happening for the past several months and is going on now, and however you evaluate it – like it, hate it, or whatever – it’s pretty clear that it cannot be a war on terror. In fact, that’s close to a logical necessity, at least if we accept certain pretty elementary assumptions and principles.”
