NO TO WELFARE ABOLITION THE NATIONAL PLANNING MEETING

- » **THE AIMS:** stop the implementation of the welfare reform (abolition) bill; build a network of solidarity between claimants; create links between unemployed workers and workers in the PCS
- » **THE DAY:** 1. Share information 2. Plan a national action 3. Build a strategy and work out how we can co-ordinate nationally

The Welfare Reform Bill is a massive attack on the disabled, single parents, unemployed workers and workers in the Department for Work and Pensions and we cannot allow it to be implemented.

14th November is a chance for welfare and disability rights activists, members of unemployed workers' groups and trade unionists to get together, build links of solidarity and plan our struggle. If you are organising against welfare abolition or want to start doing so, please make sure people from your group come along.

WE SAY TO THE GOVERNMENT AND THE BOSSSES: WE DO NOT EXIST FOR YOUR BENEFIT!
